

Grand Sea Cemented carbide mainly produce carbide insert tip blank, have 5 imported pressing machine, with capacity 20,000,000 pieces per year.

Our Advantage:

- 1) 100% new materials
- 2) High quality and best price
- 3) Wear resistant
- 4) Fully stocked
- 5) OEM service

The grade recommendation:

| Grade | WC % | CO % | Grain size (um) | Density (g/cm ³)±0.1 | Hardness (HRA)±0.5 | TRS (kgf/mm ²) |
|-------|------|------|-----------------|----------------------------------|--------------------|----------------------------|
| H10F | 90 | 10 | 0.8 | 14.40 | 91.8 | >350 |
| H11F | 87 | 12 | 0.3 | 14.50 | 91.4 | >350 |
| H12A | 88 | 22 | 1.2 | 14.20 | 90.5 | >350 |
